2. Follow up to irregularities and fraud allegations on imported products

- 1) New in OFIS-INTC: link with EU irregularities
- 2) Overview of notifications as per 21/04/2017
- 3) Cases for presentation by the notifying Member State and discussion:
180/2016, 177/2016, 161/2016, 157/2016, 127/2016 – NL - rapeseed from
Russian Federation
- 4) Overview and analysis of irregularities notified in 2016

3. Import regime (Regulation (EC) No 1235/2008)

- 1) The new electronic certificate of inspection for imports of organic products

The Commission announced the use of the new model of the certificate of inspection as from 19 April 2017 with a transitional period of 6 months, as foreseen and a short presentation for the envisaged changes of the system have also been presented. The first impressions on TRACES are rather positive, even if technical issues still need to be fixed. Several questions were raised during the meeting by some MS (CZ, DE, NL, PL, SE).

- 2) Overview third countries

4. EGTOP

Commission informed that new panel members are about to be selected and that enough issues have been submitted for a first meeting of the FOOD group end June or later in function of the conclusion of the selection procedure

5. Miscellaneous¹

- 1) Catalogue of measures and standard procedures in case of irregularities and infringements

Presentation against the backdrop of ECA Special Report No 09/2012 and the main regulatory requirements with the objective to share and discuss catalogues of measures between MS

- 2) Authorization of non-organic food ingredients of agricultural origin by Member State

The results of Commission's review of active authorisations. Results of MS' verifications. Discussions.

- 3) Annual Reports under MANCPs (2015)

State of play as at May 2017.

- 4) Immunocastration technique in organic pig breeding

The Commission confirmed that in its view the technique is not in line with the principles of organic farming

- 5) Animal conversion

The Commission clarified the conversion periods when non-organic animals are introduced

- 6) Origin of non-organic animals

The Commission confirmed that the percentage mentioned in Article 9 (4) apply also to lower numbers of animals than 10.

- 7) Issues not discussed, to be replied by mail:

The use of natural flavourings

Clarifications of the using of terms „eco” and „bio” in Romanian

Organic tomato seeds originating from third countries

Housing conditions poultry rabbits and quails

¹ Any subjects that the Member States wish to discuss under Point 'Miscellaneous' need to be submitted to the Commission and the other Member States at the latest one week before the meeting of the Committee on Organic Production.
